Redaksioneel/Editorial

Time does not stand still....

We are already two months down into 2024.

The festivities of Christmas and New Year celebrations are but a faint memory, like mist that melts away when the sun rises.

With that said, I would like every member to have a look at our year program and familiarize themselves with the different activities for 2024.

I am going to highlight the three junior activities:

Pikkie Day on 16 March.

Penkop Kamp on 4 May.

The NCHA Winter School 23 – 29 July.

I cannot emphasize enough how important it is to keep our hunting tradition alive, and the only way to do it, is by passing on the baton. In other words, getting our children involved, one generation after the other.

This is where you as parents play a vital role to be involved in your children's lives.

The reason I am saying it, is because on 8 February 2024 the United Nations concluded on their 95th session of the committee on rights of the child, the office of the UN High Commission issued a statement that the Republic of South Africa legally bound to prevent children from being exposed/engaged with the hunting of animals as trophies.

I will leave it at that....

I am imploring all our members to support our branch activities throughout the year!

Thank you to the NCHA and the associated branch committee's for their hard work in the planning and the arrangement of the different activities.

We also want to wish our chairman, Mr. D. Cox, God speed for 2024 as he guides the Association.

Thank you to Madelaine and DJ for finalizing the Hartie.

May you have a fruitful hunting season and be safe.

Ps. Where the barrel/cross hairs point, that's where the bullet will land.

Hunters Greetings

Neville Fritz

Hunters Portal

Northern Cape Hunters' Portal

It is indeed a great pleasure to introduce the Northern Cape Hunters' Portal to our members. As everyone is aware times are changing and for the Association to stay relevant and in sink with the latest developments and trends in the industry, it is important to adapt to the environment in which we need to operate to be able to participate in the sport and culture which we all cherish.

We need to be able to provide our members with the ability to comply with the minimum requirements for owning firearms for different applications such as hunting, dedicated hunting, and dedicated sport shooting.

Members will be able to obtain all relevant documentation prescribed by the Firearms Control Act for firearm licensing, renewals, dedicated hunters' examinations as well as dedicated sport shooting records and results once they have registered and completed all relevant categories on the Hunters Portal.

The benefit that each member will obtain from the Hunters Portal will depend on the completeness and accuracy of information which you will voluntarily capture in the system. For instance – if you capture the details of all firearms owned by you including the caliber, issue and expiry dates of licenses and intended use and motivations. Hunters' Portal will inform you of looming renewals and expiry dates and the required endorsements for the firearm will be approved and obtainable from the system. The necessary support staff in the form of the Northern Cape Hunters' Management Team with their allocated portfolios will attend to submissions and approvals submitted on the system. Furthermore, our Secretary, Madelaine, is available during working hours for queries and questions as the personalized service that we provide will never be compromised.

Endorsements will for instance be applied for and approved online based on the accuracy of information provided by you, where after you can print the documentation, membership letters of good standing, membership cards and even records for compliance in the case of sport shooting activities.

This will of course be done within the framework of legislation prescribed by the Firearms Control Act, 2000, the South African Protection of Personal Information Act, 2013 as amended ("POPI). You will also agree to the Terms of Conditions for using the Hunters Portal.

We trust that you will support and embrace this initiative and technology and that it will enable us to provide you with the ability to comply with the least amount of effort required for maintaining your compliance for owning a firearm to participate in hunting, sport shooting and your dedicated status for such where it is required.

Instructions on how to access the Hunters Portal will be sent via WhatsApp in due course.
